We give no warranty, express or implied, as to description, purity, productiveness or any other matter of any seeds, bulbs or plants we send out and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are to be returned at once.

We take great pleasure in handing you our condensed price list of seeds, plants and garden requisites for the year 1921. This is not as elaborate as we usually send out, but it is designed for convenience for the gardener, being brief and to the point so that you may find what you wish with the least possible effort. Again, costs are still high and we wish to economize on paper and put what we may save into higher grades of seeds to satisfy the most critical buyer.

The past year has been an unusual one and we take this opportunity to express our appreciation of your favors during the season just closed, and we will be more than pleased to serve you in whatever way you may wish during the coming year. We are, very truly yours,

Armstrong's Specials

These vegetables listed below are selected seeds grown for our particular use and to give our customers something just a little better than the average. You will appreciate the results they will give you.

CAULIFLOWER

ARMSTRONG'S EARLY SNOWBALL. This is one of the best sorts for summer and fall crop. With favorable conditions every plant will form a large solid head of fine quality, maturing earlier than any other sort. We are in a position to supply our most critical trade with this type. This cauliflower grown by customers of ours received five premiums at the Minnesota State Fair this past year.

Pkt.....\$0.25 Oz.....\$3.00 ¼ lb.....\$9.00

RADISH

ARMSTRONG'S EARLY SCARLET GLOBE.

We have an exceptionally fine stock of this excellent variety. It does equally well either for forcing or outside growth, being very early. They are of fair size, globe shaped, with a small top. Color is bright scarlet and flesh; crisp and tender.

ONION

ARMSTRONG'S SOUTHPORT RED—WHITE—

YELLOW. These are special selections, grown from ideal bulbs so as to produce a high grade seed for the most critical growers. They are distinctly globe shaped, small necks and of good color. All being excellent keepers.

SWEET CORN

ARMSTRONG'S GOLDEN BANTAM. The finest of all the sweet corns and very popular with the market and home gardener. It is a beautiful golden color, eight-rowed, ears six to eight inches long. It is very sweet flavored. We have grown and selected this stock ourselves and can vouch for its high quality.

Pkt..\$0.10 1 lb..\$0.25 5 lbs..\$1.10 10 lbs..\$2.00

LAWN GRASS

ARMSTRONG'S SPECIAL MIXTURE. It contains only the highest grade of grasses suitable for making beautiful and durable lawns. It germinates quickly, roots deeply and this enables it to stand the hot summers and very low temperatures of winter. For new lawns use one pound to 300 square feet. One hundred pounds will cover an acre.
